Hongkong, February 1816, 1895.

THE shareholders of the Hongkong and Measures, and other Commercial Information, Shanghai Bank were in great good humour on Saturday. And with good reason, for the Bank is in an excellent position; it has been successfully steered through one of the most acute and prolonged financial crises ever known, and there is a general feeling abroad United States:-Tientsin, 1858, Additional, that we are now on the threshold of a period of prosperity which will make up for the lean years of the recent past. The Club. Kick off at 5 p.m. on the Kowloon Docks prior to his starting to Japan to renew peace shareholders get an increase of 5s. in their Ground. dividend and in their gladness of heart they increased the directors' remuneration and sanctioned a bonus to the staff. Good work deserves recognition and there is little to cavil at in what was said and done on Saturday, though some of the shareholders may look back regretfully to the times when | demic in Madrid and is causing great mortality. they received a two pound dividend with a bonus of ten shillings added, just double shot a man named Watts at Yokohama a short Subjects in China and Japan, 1865, 1877, the present dividend. It will probably be a long time before they get a return like that China, Japan, &c.; Table of Fees; Table again, for no doubt the recommendation of year until the reserve fund has reached a Board of Directors, the policy being a sound Licences Trade Marks, and Letters Patent one. Recent experience has shown how important a large reserve fund is and the Bidet. permanent interests of the shareholders will and condensed in every possible manner, con- be best consulted by devoting a reasonably large proportion of the annual earning, to building up the fund to and although very much enlarged and improved the amount mentioned by Mr. Dougla in every way, the price in silver is now greatly Jones. At present the reserve fund stands at \$5,000,000 or rather less than half a

Reference was made by the Chairman in his opening speech to the large accumulations of silver in the East, as evidenced pany at this port for the last three years, left by the large amount of cash in hand and LONDON Mr. F. Algar, 11, Clement's Lane the increase in the Bank's cilver deposits. in the colonies will proceed to London to t Messrs. John Haddon & Co., We would have been glad if Mr. Hourday up the duties of Secretary to the company.Messrs. Street & Co., 30, Cornhill had spoken a little more fully on this point a handsome silver table crusment by the staff Messrs. G. E. Puel de Lovel & and given some indication of the quarters that has worked under him, as a token of their from which these large deposits come and esteem. the signification attached to them by the Board. The following table showing the deposits on the 31st December for the last as the price of the campaign and proceeds to ten years may be found instructive, but unfortunately it is only during the last three but England is on the watch there and years that the silver and gold deposits have been shown separately .-

Depenita Storling. Silver. \$66,615,678 69,845,901 8 ,289,206 114,631,6:17 1892...... \$68,980,217 \$35,999,833 89 P80,047 1808...... 69,849,805 80,361,874 89.707,681

deposits rather an unpopular form of investment at home, and in the case of the thom. What ought France to do to safeguard Bastern Banks a feeling of uneasiness was her interests?

value of silver and the supposed strain that Singapore for this port on Friday afternoon. would be placed upon the banks by having to bring home silver at ruinous rates to repay the sterling deposits. It was then beartily applauded and in most cases encores were Banking Corporation was held at the City Hall, the Hongkong and Shanghai Bank were retained in London to meet the Bank's requirements in London and that consequently there was no loss on exchange, and since then the silver and gold deposits have been Saturday, the 23rd inst., and the other, an after- Hon. C. P. Chater, H. N. Mody, J. C. Peter, shown separately in the accounts. The increase in the silver deposits during the last three years is remarkable. During the whole of that period complaints of bad trade have financial accommodation even on the best

between the failure of her second peace be pure Coguac, the difference in price being Reuter's telegram informs us that Li Hung-CHANG'S bonours have been restored to him and that he has been summoned to Peking prior to his starting for Japan to renew peace brands in the market. The Scorce that China is sincerely desirous of peace is universally and after the failure of the two previous missions she is not likely to again make the Tonkin papers publish his report, dated mistake of issuing insufficient credentials to tive, strongest, and best known of her states-We only guarantee our Wines and Spirits been termed the Bismarck of China. Li we to be genuine when bought direct from us in bolieve to be a self-seeking man imbued with Nevertheless he is in his way an undoubtedly ness that is now entrusted to him. knows China's weakness and will be unhampered by any foolish misconceptions as Editor, not for publication, but as evidence of good to the country's ability to withstand by force the march of the invader, and Orders for oxtra copies of the Daily Press should will presumably be found in order the issue one way or the other. Japan's demands, at present unknown, will be or rejected by China. They will have to be very exorbitant indeed to make China and the chances are therefore in favour of the conclusion of peace, though that result cannot at present be looked upon as absolutely assured. Japan's terms, whether accepted now or only after a further at the half-yearly meeting of that institution struggle, are sure to include a considerable opening up of China to foreign trade and

introduced by the rapid fall in the gold |. The steamer Lightning, from Calentia, left | HONGKONG AND SHANGHAI BANK,

There was a large attendance at the perform. ance of "Robinson Crusce" on Saturday evening. The vocal efforts of the leading performers were the shareholders of the Hongkong and Shanghair H. Whitehead's recent lecture on the silver Meants, J. S. Moses, R. M. Gray, H. H. quastion delivered at the Colonial Institute. Joseph, J. Kramer, St. C. Michaelsen, D. R. two others only remain to be given, one on (Chief Manager), A. Coxon, J. R. M. Smith, noon performance, on Monday, the 25th inst.

Mesers. Wm. G. Hale & Co., in their circular dated Saigon, 9th February, say :- Rice .- At Riper, R. T. Wright, W. S. Bameey, Hon. the earlier part of the period under review, E. R. Belilios, S. S. Benjamin, J. M. E. Macowing to a depression in the Hongkong market, been rife and the difficulty of obtaining prices assumed an essier tendency, but, in spite J. M. Alv s, W. H. Gaskell, E. F. Alford, J. J. of the low rate of exchange, have proved yet Bell-Irving. G. Brady, J R. Michael, P. Jordan, far too high for the Europe market which seems securities has been very considerable. This confined in its present depressed tone. The applies not only to Hougkong in particular Chinese new year holidays which are just over. on the other hand, put, as usual, a momentary but to the Far East in general, and, in fact, stop to affairs. At the close, owing to renewed in a greater or less degree, to the whole demands from the Straits and Java, our market world. Yet during those years the silver has hardened again; but it is generally hoped hat on account of the depressed state of the deposits of the Hongkong and Shanghai Hongkong rice market, prices will give away Bank have increased very largely. Where ere long. The following resolutions have been has the money come from? It has not been passed by the French Government, to come in the first was a very proswithdrawn from trade, nor would the 5 cents per 100 kilos on rice and paddy exported savings or profits of the European community from the Eur per 100 kilos on rice and broken rice exported the extra dividend of 5s. per share, making 25s. much abused class, the Directors, who, in bad the extra dividend of 5s. per share, making 25s. much abused class, the Directors, who, in bad shall not be said to me, because what to the same destinations. The rates of export for the half year, instead of 20s. which they have times, and the kicks and the half representations. exists is for the Straits and Java, to which di-(nominal), to Japan no demand.

Dr. Yerzin, the French doctor who investigated the bubonic plague in Hongkong on behalf of his Government, was ordered some negotiations. There can be no doubt now time ago to investigate a disease which was prevailing amongst the cattle in the Nha-trang district of Tonkin, but was ordered to Madagastar before completing his experiments. December, written on the eve of his departure. Up to the date of the report he had made conneisseurs to be superior to any other her representative. She has, moreover, eighteen autopaies of buffalces and cows which selected for the mission the most representa- had died from the disease. The animal when attacked ceases to eat, its eyes become red, and from them as well as from the nostrils there is man, the Vicercy Li Hung-CHANG, who has an abundant sero-mucous discharge. The fever is high and diarrhosa soon sets in which contains an increasing quantity of blood until death onsnes. This generally takes place in from the Colony or from our authorised Agents at all the vice of Chinese officialdom and having four to seven days, but sometimes not for ten or little in common with the great German fifteen days. In the bodies of animals that have statesman with whom he has been compared as in the case of human beings who die from by an ingenious but inaccurate phrase maker. | butonic plague, butoes. Dr. Yersin gives a scientific description of these bubees and of the other conditions, and says he has tried to cultigreat man, with a strong will and a vate the bubonic microbe and has succeeded in 120 clear head, and is the best man that thirteen out of the eighteen cases. The culture has the same appearance as cultures of the could have been selected for the busi- microbe obtained from human beings He had He incoulated several buffaloes and calves, pigs. rabbits, and mice. Subcutaneous inconlation generally rendered the animals very sick but rarely killed them; he had, however, succeeded in killing some mice by this means. Interperito | neal inconlation was much more certain; he had by this means been able to kill mice ds-the Japanese can take no exception cobaves, and a pig, and was about to experito his selection and his crelentials ment on buffaloes. The symptoms were the same as those observed in mice that died of the plague in Hongkong. Or. Yers'n, after exbe sent before Il s.m. on the day of publication negotiations will be brought to a definite pressing his regret at having to ususe his experiments, expresses his opinion that the bovine plague is the same as the human plague, except as regards its virulence, which is very different formulated, and they will have to be accepted ! He had inoculated a few days previously a buffalo with the microbs obtained from the Hongkong plague; the animal was sick at the time of writing and presented the same sympdetermine on a continuation of the struggle, toms as buffuloes that die from the boving plague. He had still many experiments to make which would have enabled him to arrive at more definite conclusions, but had no time, as he leaving for Madagascar. He would, however, the investigations which he had been unable to complete in Tonkin.
